The *S. F. Citizen* puts down the majority of Johnson over Bigler as far as heard from at 6,219. The southern counties was not reckoned in the estimate, which will reduce his majority to about 5,000.

The next Legislature will probably stand as follows:

Democratic Senators holding over.....	7		
Whig " "	9		
Democrats elected.....	6		
Know Nothings	11		
	11	9	13
Assembly—Democrats.....			25
Know-Nothings.....	55		
	66		38
	47		9
	19		47

Majority for Know Nothings on joint ballot.

This will secure two U. S. Senators for the American party in California.

The U. S. District Court, Hon. I. S. K. Ogier, commenced a special session in this city on Monday last. No decisions have been made during the week, and no business of important interest to our readers has been transacted. The cases before this court consists almost entirely of appeals from the decisions of the Board of U. S. Land Commissioners and will probably number when all are filed, some 300 cases. A year or two will undoubtedly elapse before they are all finally settled.

Our citizens will notice in another column, a call for a meeting to take some action against the removal of the Sebastian Reservation. The Indian Reserve at the Tejon, is considered by those who are not warped by party prejudices, as eminently beneficial to the interest of our citizens a large majority of whom we believe are opposed to its removal. The miserable slang that has been heaped upon Col. Healy from certain quarters, has recoiled upon their own heads.

SENATORS HOLDING OVER.—All the Whig Senators whose term does not expire till after the next Legislature, are claimed as Know-Nothings, and we would like to know by what authority, as the leaders in the American party have frequently and strenuously denied that it was the old Whig party re-organized under another name.

NEW FIRM AND NEW GOODS.—Our old friends Newmark and Glaser, have opened a store corner of Main Street and Padilla, across from the
