

celebrated individual most positively denies that Napoleon the Third was his nephew, and he therefore wishes to see the imperial throne, on which the latter has fraudently seated himself, crumble to the dust. The once grand Emperor prophesies that the struggle now going on in Europe is moulding the destinies of that part of the world to their proper proportions, and that truth, justice and the liberties of the people will triumph in the end. Farther, within three months the magnates of Europe will be astonished and bewildered by the assassination of a crowned head, which will have the affect of overturning an empire and raising the banner of the people. INDIAN DIFFICULTIES.—From the Yreka *Herald*, says the Sacramento *Union*, we learn that the Indians on the Klamath river, from Happy Camp to the ocean, a distance of about one hundred and fifty miles, including those in Trinity Valley, on the Bald Hills and Red Wood creek, numbering in all about one thousand warriors, have taken the war path against the whites, and unless aid is immediately extended the river Klamath and Trinity Valley must be entirely abandoned by the whites. The news published of the massacre of the whites is fully confirmed, as twelve of the missing bodies had been found. It is the opinion of old residents on the Klamath river, that the outbreak had been meditated for the past two years, during which time they have been collecting ammunition, pro-

visions and fire arms. The difficulties on the coast appear also to have commenced about the same time, which renders it beyond a doubt that it was a preconcerted well arranged affair on the part of all the Indians in that direction. Business on the Klamath, and on the lower part of Salmon creek has entirely ceased. The number of U. S. troops stationed at Humboldt Bay, if not greater than that in Scott Valley, will not be able to send more than fifty or twenty to the aid of our Klamath friends, a number which is about paramount to none at all, as it will take that many to take care of the pack trains. The *Herald* urges the establishment of military posts.

WOMAN'S LAUGH.—A woman has no natural grace more bewitching than a sweet laugh. It is like the sound of flutes upon the water. It leaps from her heart in a clear, sparkling rill; and the heart that hears it feels as if bathed in the cool, exhilarating spring. Have you ever pursued an unseen fugitive through trees, led on by her fairy laugh, now here, now there, now lost, now found? We have. And we are pursuing that wandering voice to this day. Sometimes it comes to us in the midst of care, or sorrow, or irksome business; and then we turn away and listen, and hear it ringing through the room like a silver bell, with power to scare away the ill spirits of the mind. How much we owe to that sweet laugh! It turns the prose of our life into poetry, it flings showers of sunshine over the darksome wood in which we are traveling, it touches with light even our sleep, which is no more the image of death, but is consumed with dreams that are the shadows of immortality.
