

were greeted with repeated outbursts of applause during the entire course of the evening's entertainment. Do not forget that this is the last night's performance of this able company. A good bill is offered on the occasion. Do not fail to attend.

Platforms.

The organ got in all the platforms, yesterday, except the platform in front of the Court House. The national platform of the know nothings, tinkered up of Northern ash and Southern pine, at Philadelphia, which has been cautiously kept in the background heretofore, was paraded in the front rank, yesterday, followed by its democratic tail, the California platform. All these know nothing scaffoldings, like the famous Buffalo Platform of 1848, are eventually bound to go to pot.

ELECTION DIFFICULTIES.—A difficulty occurred on election day at Chipp's Flat, between Geo. W. King and Pat Mooney. The latter stabbed the former, when King immediately shot Mooney. Neither party is expected to live.

At Orleans Flat an Irishman, name unknown was killed at the polls.

After the polls closed at Iowa Hill, a fight occurred between an American and an Irishman, when the former shot the latter through the hand.

MASSACRE OF AMERICANS BY INDIANS.—A telegraphic dispatch from Wisconsin Hill was received at Sacramento on Thursday night containing the intelligence that by an arrival from Duncan and Antoine Cañons, about 25 miles from that place, news is brought that a difficulty occurred between the Americans and about sixty Lake Bigler Indians at that point, when the Indians becoming exasperated, murdered all the Americans in the vicinity. There

is no doubt as to the truth of this.

RUNNERS.—An ordinance has been reported to the Council of Sacramento, to prohibit all runners for steamers, stages, railroads, hotels, restaurants, theatres or shows.
